1.

The "true you" respecting other

The "true you" is the guidance in your behaviour to other.

How you want to be treated is the way of the truth how other should be treated by you.

2.

Feel free and dont force anyone

Feel free as you treat other - dont feel ashamed if you dont know or connect - dont force on other what you think. Be humble and and life will be humble to you.

3.

Share knowledge and get knowledge

Share knowledge is to take responsibility of the future and maintain a society that continues to develop and educated. It is a must and respect other levels of know how.

4.

Discussion and debate

At every discussion make sure to follow the above statutes 1-2-3, and be humble in your discussion and contribute.

Need to discussion is to contribute to a universal conclusion in vibration of harmony with the life of the society.

5.

Listening and understand

Listening is not a guarantee that you understand. If you dont understand - try again to Listen and re-think the messages. You may understand and not agree and that is also an understanding.

6.

Love life as you love your self and other.

Love who you are - love other who they are and accept differences and that we are all unique as the same of the universal energy.

7.

Tolerance of different rays of light

As part of this society we tolerate differences and don't accept hate or darkness. That is your inner battle and not allowed to be hold on other members. Find peace and harmony to be part of light is shining in many colors of rays over the universe.
